There are many critical issues currently facing our City, such as high taxes, an unbalanced budget, and lack of accountability. As I unfortunately did not make the District 1 runoff, I believe Brian Kennedy is most aligned with my stance on these issues and would be best at fighting them for us. I encourage you to vote for Brian, and hold anyone elected accountable.

As a fellow veteran and an El Pasoan who has always worked to raise up the El Paso community through his professional work and his community service, Brian Kennedy will bring a practical no nonsense approach to City Council that is badly needed. I am proud to endorse Brian Kennedy for District 1 and look forward to working with him in the days ahead.

It is important that my supporters make sure their vote counts towards the issues that most affect our community: spending, debt and property taxes. That is why I am endorsing Brian Kennedy and I encourage all my supporters to cast their vote for Brian. I think Brian is the most effective choice.

Brian Kennedy brings the education, credentials, and experience necessary to start those hard conversations within the Council. At every forum, Brian was always professional and cordial towards me even though we were opponents. His platform and ideas for our city go more hand in hand with mine. Brian Kennedy will be a voice to the voiceless. He can count on constituents like me to hold him accountable for the next 4 years. Elect Brian Kennedy to be our voice.

We need principled leaders who will act with dignity and respect. Brian and I may have ideological differences on some issues, but we both share a commitment to act with responsibility, to do our duty, and to be accountable. It is my highest priority for District 1 to have the most effective representation going forward. That's why I'm endorsing Brian Kennedy.
