# SHE VOTED TO RAISE OUR CITY PROPERTY TAX THREE TIMES!

This last budget season she again **failed to advocate for the no-new revenue rate.**

She was as **SILENT** at every stage of the budget process, but then at the very last second, in order to bolster her re-election campaign, she declared her opposition to the latest tax hike on 8/23/22, voted against it, and **bragged** about her fiscal discipline to the media.

Media reports exposed her **hypocrisy** in a hard-hitting report.

**Just pandering for votes. If re-elected, her support for even more tax hikes will be coming.**

She also voted on August 31, 2021 to override the Mayor's veto of this last issuance. Thus, she voted for all four CO issuances that came before her.

on  
**8/20/2019,**  
She vote AYE!  
to a tax hike.

on  
**8/18/2020,**  
She vote AYE!  
to a tax hike.

on  
**8/24/2021,**  
she voted AYE!  
yet again to  
another tax  
hike!

Incredibly, Salcido voted to authorize **\$100 million in certificates of obligation** the day she was sworn into office, on January 8, 2019.

**SHE THEN VOTED FOR:**  
**\$100 million** - January 7, 2020  
**\$93 million** - April 13, 2021  
**\$96 million** - August 24, 2021

**VOTED FOR EVERY CERTIFICATE OF OBLIGATION WITHOUT VOTER APPROVAL**

*for a whopping:*  
**\$389,000,000 Million Dollars**

She has:

**NO PLAN** for alleviating the traffic congestion on the eastside.

**NO PLAN** to hold the escalating property values in check.

**NO PLAN** to reduce the questionable fees on your water and garbage bills that raise over \$30 million a year with

**ABSOLUTELY NO ACCOUNTABILITY.**

Her support for a City Manager who is paid nearly \$500,000 a year, who receives salary perks and a golden parachute when he finally moves on of nearly \$1 million dollars is,

**NOT GETTING THE JOB DONE FOR US.**
