RELEASE: Former City Representative Claudia Rodriguez Responds to Ethics Complaint Committee Hearing on November 8, 2023

El Paso, TX – After long consideration, I do NOT trust the process and I will not participate in this charade of “fairness.” If Mr. Tom Laign, Max Grossman, Art Fierro, Edmundo Calderon, and the City of El Paso really think they have a valid case against me, then I invite them to bring their claims to our district courts. After all, discovery is a BEAUTIFUL thing. This was NEVER about gas usage this was about destroying my reputation. Go ahead and issue your reprimand, I am not impressed.
